Further to the Notification of Pending Litigation filed July 23, 2004, Applicants submit two additional documents from the on-going litigation *L'Oreal S.A., et al. v. Estee Lauder Companies, Inc., et al.*, Civil Action No. 04-1660 (D.N.J.). The first document is a copy of Estee Lauder's Amended Answer and Counterclaims. The second document is a copy of Estee Lauder's Response to Plaintiff's Third Set of Interrogatories (Nos. 8-13). Both of these documents are enclosed with this Supplemental Information Disclosure Statement and listed on the IDS Form PTO/SB/08.

As explained in Applicants' September 17, 2004, Information Disclosure Statement, the United States Court of Appeals for the Federal Circuit held in *Dayco Products, Inc. v. Total Containment, Inc.*, 329 F.3d 1358, 66 U.S.P.Q.2d 1801 (Fed. Cir. 2003) that an "adverse decision" by another examiner may meet the materiality standard under the amended Rule 56, and thus, Applicants should disclose prior rejections of "substantially similar claim[s]" to the Office. Accordingly, although Applicants are not representing that the office actions in the co-pending applications are material to the present application and are not admitting that any of the other claims are substantially similar, out of an abundance of caution, Applicants have listed substantive

office actions from co-pending applications on the attached IDS Form PTO/SB/08 and have enclosed copies of the documents as well. At the Office's request, Applicants have not included copies of those Office Actions issued in the co-pending applications by the present Examiner of this application.

Applicants respectfully request that the Office consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Office applies any of the documents as prior art against any claims in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please
charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
